## Retirement Living

### **Enjoy a sociable and low maintenance lifestyle with Churchill**

With a move to one of Churchill Retirement Living's new retirement developments you get more than just a new apartment, it's a whole new way of life. You'll have a comfortable, secure place to live, with the option to socialise with other Owners as much or as little as you like. Perhaps one of the biggest benefits is that you won't have to worry about maintenance any more. With new Churchill developments across Surrey to choose from including Cheam, Shepperton, Reigate, Camberley, Oxted and Ashted what are you waiting for?

At this time of year, keeping the house and garden maintained is probably the last thing you want to think about. If you own a large house then it can be a year-round job, and it can be a real burden when you'd rather just relax and enjoy your retirement years.

However, it doesn't have to be that way! With a brand new Churchill Retirement Living apartment, all the stress of keeping things in good order is looked after by a Lodge Manager, who is there to oversee the day-to-day running of the building so you don't have to. Churchill's award winning customer service team is also on hand to respond quickly to anything that needs fixing or adjusting, and keep everything comfortable for you.

Instead of worrying, you can sit back and relax with the peace of mind that any exterior work, gardening and other jobs are taken care of. Low maintenance living means a real weight off your mind, giving you more time to do the things you want to do, and enjoy the retirement you deserve.
